

Training and Events

The ALC partnership seek funding to deliver training and organise events concerning ICT, impairment and disability issues.

The E-Access Project is funded by Adobe www.adobe.com

Workshops

We are organising two workshop and dependant on feedback and the questionnaire from the organisations we have already contacted we shall focus on aspects of these main themes.

The main themes are; assistance with computer use and:-

- Visual impairment
- Physical impairment
- Learning Difficulties
- Healthy Computing

The sessions will be non technical, practical and seek to raise awareness of assistive technologies, with the possibility of loaning out equipment to participant organisations

Dates;-

Tuesday 17th March. 2 pm to 5 pm

- Dyslexia and visual impairment

Friday 20th March. 2 pm to 5 pm

- Healthy Computing and physical impairment
-

Drop in sessions

Dates;-

- Tue 3rd and Wed 4th March and
- Tue 10th and Wed 11th March

Times;- Noon to 3 pm

The aim of the sessions;-

Is to demonstrate assistive hardware and software on the basis of the interest of people that attend the sessions, with the potential to loan the equipment out.
