Our Composite Maps

- Legend**
- Climbed Peaks
 - Target Peaks
 - Drop Off Points
 - Crevassed Areas
 - Col Crossing Points
 - Streams
 - Rough Terrain
 - Stream Crossing Points
 - Possible Routes

Contour interval: 20 m || 1 km grid squares
Map produced by Alistair Everett on behalf of the British Stairing Alps Expedition 2017
Data provided by Digital Globe Foundation, GEUS, Greenland Mapping Project and NASA
Contours derived from 30m resolution DEM
Features and their locations on this map are advisory and by no means exclusive or exhaustive

Rough terrain...

**Hauling
heavy pulks
up the Roslin**

**Our first
camp on the
Roslin**

Happy campers..

**Stunning landscape
in the lower reaches
of the Roslin**

**Looking up the
Roslin towards
Dalmore Junior**

Deep snow pits to find the top of the glacier

**Drilling 6m
into the ice
required
team work!**

Snow pit no.5

Roslin Glacier 1970's expedition

**Leaving behind
Diamond Peak..**

A long slog up to the 1st Col

**Fresh snow before our
first col crossing lead
to a rest day**

The first Col...Molly goes first to reccie

Untouched landscapes...

**The second
col crossing...**

eeeeek!!!!

**Looking up at
second col...
aftermath of
anchor failure**

Down the Bjornbo

Our first new peak

Our second new peak

**On Route,
peak 2**

**Incredible scenery
from summit of
peak 2**

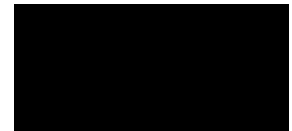

The proposal...

Close encounters with Musk Oxen

Our buried camp...
