BHCAC's Beneficiaries Testimonials

March-June 2020

"My workplace closed as the result of Covid-19 lockdown and soon after that, I was illegally evicted along with my baby and partner. I could not access support on my own due to language barrier, lack of digital skills and knowledge on who to approach. I was referred to BHCAC by the Brent Hubs (Brent Council) for assistance to access benefits. BHCAC advised me on my entitlements and supported me with a number of claims including emergency food parcels, liaison with homelessness prevention team at Brent Council and my employer in respect of furlough payments. With BHCAC's support, we were placed into emergency accommodation and received our entitlements. I am back to work now, and I really don't have enough words to express how much their support meant to us. They made huge efforts in supporting us and I am so grateful for all they did, God bless them!"

"My husband passed away from COVID-19 in early April 2020 and I have experienced great difficulties in getting support because I have no access to public funds, speak little English, have limited digital skills. I was referred to BHCAC by Brent Hubs (Brent Council) and they have advised me on entitlements, assisted me with claims and liaised on my behalf with relevant government departments and my husband's employer. Throughout the process, I gained trust in my Adviser called Selma and I was confident to ask other agencies who contacted me to deal with matters with Selma as she knows my situation so well and was a great advocate. The last point of support for my children and I was Brent Council Social Services to which I was reluctant to approach because I was scared my children might be taken into care. Selma kindly explained to me that my situation is not about children being taken away from me but financial support to meet the needs of the children as they are the only source of help that we would be entitled considering that I have no access to public funds at present. I am very grateful for the BHCAC support and I have told my Adviser Selma that I simply could not do it without her help, she was there to support me when I needed it the most. God only knows what would happen to me and my children...thank you from bottom of my heart."

"My partner and I were placed in emergency accommodation in Buckinghamshire by Brent Council and I was told by the Council Officer that someone will be in touch to provide further support. I am pregnant and was extremely worried as we were running out of everything and still had to wait 4 weeks for our first Universal Credit payment. On my way to Buckinghamshire, I received a phone call from BHCAC Advisor who arranged emergency food parcel to be delivered to me the next day, also she assisted me with the claim for Housing Benefit and Local Emergency Support from Buckinghamshire Council as immediate support to last us until our first Universal Credit payment. I thank the BHCAC Adviser for her help, she has been an angel to us."

"I am 78 years old widower with chronic heart disease, a non- English speaker living alone in Lambeth. Since the coronavirus outbreak and lockdown, I have had to stay at home due to my age and underlying health condition. My son, who lives nearby provides me with weekly food shopping and I receive weekly welfare check up calls from BHCAC. In one of their calls in June 2020, I informed them that I was not feeling well and that my son liaised with my GP and I was waiting for them to contact me. I felt very weak and was losing breath and found it difficult to speak. BHCAC Advocacy Worker immediately called 111 and soon after the assessment, the ambulance arrived. I was taken to King's College Hospital where I stayed for a week and was later discharged. I am at my home, safe and feel well now. I am thankful to BHCAC for all they did for me, the welfare check up call in early June from BHCAC probably saved my life and I owe it to them. I hope all this is over soon and I look forward to seeing them in person to thank them properly with the box of chocolates and flowers."
