*"I wish to thank
you most
sincerely for your
generosity and
cannot find the
words to express*

*how grateful I am in helping me to receive these
wonderful gifts. The bed is so wonderful I can
actually sleep on it as it does not trigger off the
pain I get through my back and legs. I will be
eternally grateful for your kindness. God bless
you for the good work you do which does make
a difference to peoples lives."*

Financial Assistance

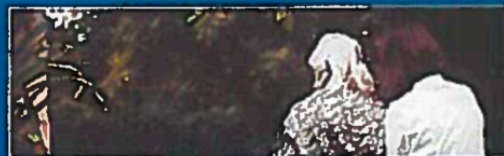

for
Sick and Needy People
and
Retired Community Nurses
in

LANCASHIRE

GREATER MANCHESTER

SOUTH CUMBRIA

The Lancashire County Nursing Trust (LCNT) was established in 1954 to offer financial assistance to retired District Nurses and to "sick and needy" patients living within the then Lancashire County boundary. The LCNT now covers Lancashire, Greater Manchester and South Cumbria.

The Trust has regularly made grants of up to £500 to people who are ill, handicapped or disabled, and to those who may be in need of medical and/or household equipment to improve their quality of life.

+ EXAMPLES OF HOW THE TRUST HAS HELPED INCLUDE:

- + Replacement washing machines**
- + Part of a syndicate purchasing larger items/repairs to properties**
- + Food for special diets**
- + Assistance towards home adaptations**
- + Radio or TV for the housebound**
- + Purchase of a Kindle reader and funds to download books**

MARY'S STORY *

Assistance to a sick and needy recipient

Mary is 76 and has arthritis in her spine and knees which has resulted in limited mobility. As a result of her limited mobility she has been unable to have a bath for the last 12 months and has to access the stairs on all fours. She had been assessed by an occupational therapist who recommended a stair lift and shower adaptation. The Local Authority were able to part fund the work but still left Mary with a shortfall and her income and savings could not fund the balance. Along with the Royal British Legion we provided a grant to allow the work to progress.

JENNY'S STORY *

Assistance to a District Nurse

Jenny is 34, married with a young family and had a first class honours degree in Bachelor of Nursing. She is receiving treatment for Acute Lymphoblastic Leukaemia which involves spending a large amount of time waiting for tests and for the result of treatments. Her mother told us that she likes reading and therefore to help Jenny pass the time we helped with finance to purchase a Kindle and with the cost of downloading books.
