

Bradenham Parish Council

Street lighting policy of the Parish Council

Bradenham Parish Council is set in the Chilterns AONB with a certain amount of Green Belt in the parish and the village of Bradenham is a conservation area.

Policy

The parish council have a **no street lighting** policy as have the neighbouring villages of Naphill and Lacey Green.

The RAF have installed street lighting between their sites No1 and No3. These are maintained by the RAF and most are not in our parish.
