

- **Break in Update - Police Reports -**

The police have requested that individuals report any damage or theft to them under the same crime reference number - even if it's just damaged padlocks as it all adds up if everyone across the site is affected.

So, if you've been affected in any way, the police have asked that you please use the following process:-

1. All thefts to be reported via the same crime reference number **0713711/18**
2. Any updates on the break in to be sent through by ploholders - the easiest method is via email or else there is a phone number - both below.
3. Individuals should all report anything missing including damaged padlocks as it all adds up.

You should write a message to the effect:-

'Crime reference number 0713711/18. I am a victim concerning a burglary at Briar Road allotments, 48a Andover Road, TW2 6PD.'

Describe any items that are missing, their value, and add your own name, address, phone and email.
