

## **Bulmer Support Group -Update 28<sup>th</sup> March 2020**

We are continuing to support the people in our village whether they are vulnerable or self-isolating. However, we need to be mindful of the latest advice and do everything we can to protect the people in the village (including our volunteers) from unnecessary exposure to the virus. We currently have fewer volunteers as

some are self-isolating.

We intend to keep shopping trips to a minimum and for each volunteer to only visit one supermarket per week - and these trips are for essentials only. Wherever possible, delivery services should be used.

We request please, that all people arrange for their prescriptions to be delivered.

Going forward we need to ensure our volunteers are going out as infrequently as possible and for essentials only. **Thank you BSG**

**20<sup>th</sup> March 2020** - A support group has been set up in Bulmer/Bulmer Tye to provide help and support in these uncertain times. All houses should have received a card through the door giving contact details of your primary contact, however, all of our volunteers are available should you need to contact them. We are also linking in with the Bulmer Parish Church team.

If you need any help if you are vulnerable, self-isolating or poorly please contact one of our volunteers below. We can help with shopping, dog-walking, collecting prescriptions, delivering post - or you tell us what support you need.
