Vacancy on the Parish Council

Would you like to be more involved within the village?

As more than 10 parishioners have requested an election to fill the vacancy on the Council this is your opportunity to put your name forward and be part of the decision making that affects your village.

The notice has been displayed on the notice boards explaining that you have until 4 o'clock on Friday 12th January to express your interest. Full details on how to apply are contained within the notice.

BULMER SKYLARKS

Following our A.G.M we were very pleased that all our members signed up for another year. It was very rewarding and gave us the encouragement to plan for 2018. Our members are such a lively, friendly bunch and appear to enjoy everything we organise for them. This piece gives myself and Barbara the opportunity to thank all our members publicly for all their support, we really appreciate it.

We will be finishing off our year with an outing for Christmas shopping, and our Christmas lunch at St Andrew’s school. We will then look forward to the New Year with hopefully a varied programme of speakers and activities. We will begin with a visit from Ashley Cooper on 23rd January who will be speaking on Local Memories. Tereza Fairbairn will be with us on 27th February with her stories of running a Goat Farm and will be bringing samples of raw goats milk and the products produced from it. March 27th will see us welcoming Sue Tibbits from Sudbury Ephemera archive.

If you wish to know more about Skylarks please come along to our meetings or ring Barbara on 37084 or Maggie on 374758.

BULMER STITCH AND SEW CLUB

Everyone welcome - we meet on the first Monday in the month from 2 – 4pm. If it falls on a Bank Holiday it is on the 2nd Monday. We pay £1 per session this helps to pay for the hire of the hall and refreshments. If anyone else would like to join us (men as well) please ring Margaret 01787 312915 for further information.

VILLAGE HALL NEWS

Thank you everyone who supported our fund raising events this year. We will be putting funds raised to improve the Hall and hope you agreed with the changes. We will be replacing the well worn curtains with blinds. We naturally have to abide by fire regulations and blinds are the less expensive way to both improve the look of the Hall and keep within the legal requirements. We are also redecorating the back meeting room and hope it doesn't interfere with any of your activities. Thank you for your patience when these changes are taking place.

The Quiz Night has again been well supported and we will be giving a proportion of any monies raised to East Anglian Children's Hospice. Thank you for your support.

Now is a good time to join the lottery if you aren't a member. Not only does it help us to keep hiring charges as low as possible but it gives you a chance to be a winner. It is so easy to join, just see Dawn at the Post Office or ring 376676 or 374758

If you are new to the Village and would like to support the Village Hall why not join the Lottery. You can join for as little as 50p per number and can hold up to 4 numbers. If you would like to know more ring Dawn at the Post Office on 376676 or Maggie on 37475.

The Lottery still provides 3 lucky winners each month. It is a vital fundraiser for your village hall. Are you a member? The more members the more funds for the village Hall and bigger prizes.

Month	First	Second	Third
Nov	Mr R Buchanan	Moulden	Mrs S Charlton
Dec	Mr & Mrs P Mavnard	Mr L Raymond	Mrs S Charlton

Please support your village hall and contact Dawn at the Post Office (01787 376676) if you would like to join the village lottery.

POTENTIAL SUDBURY BYPASS

You may or may not be aware that this issue is very much back on the agenda for Suffolk County Council (SCC) after an outline business plan was commissioned earlier this year. There are currently no official proposals being made by SCC or any public consultations.

SCC have however commissioned a further full business plan and funds for its completion have been earmarked. It is scheduled to be completed at the end of 2018. Following this there will be a public consultation.

A previous attempt in 2002 was for a route designated as the Western option around the back of the water meadows from Ballingdon Hill to the Melford bypass roundabout, if this were proposed again it potentially would have a significant impact on Bulmer.

You can read more on this on the Parish Council website at www.essexinfo.net/bulmer.

ART GROUP AT VILLAGE HALL

"The newly formed art group has had a very successful start and we have had about six sessions thus far. Our abilities and the mediums we use are diverse with one member having been to art school no less and another, never having painted. Watercolour paints, watercolour pencils, acrylics and pen and wash are all brought into play. I had hopes of organising an exhibition of our work before Christmas but our output is a bit slow (perhaps we chat too much)! However, we could well pull it off sometime next year.

The atmosphere is friendly and helpful and while places are limited, if anyone is interested in joining the group on a regular, fortnightly basis, please email peabgreen48@gmail.com for more information"

ST ANDREWS CHURCH BULMER

The Church Council thanks all the villagers who turned out in October to help Bill Dixey (and Martin Hilder from Halstead) cut all the grass in the old part of the churchyard, and thanks also to those who subsequently helped in the raking up of the grass. The Council is seeking quotes from contractors able and willing to cut the grass and trim around the gravestones. It is recognised that the cost of such maintenance over the year will challenge the church finances.

Some in the village seem to believe that the church in Bulmer has a lot of money. A copy of the 2016 accounts is on display in the church. This shows that the Church Council does indeed have investments in shares but these 'funds' are mostly restricted in their use – typically to the *fabric* of the church itself. To pay for the church's general expenditure (which includes grass-cutting and our share of the cost of employing two priests across the 15 local parishes) it has been necessary to sell shares this month from an unrestricted 'fund', which will reduce income from dividends throughout 2018 and thus potentially start a downward spiral to financial extinction.

NATURE DIARY

It's 30 years now since the great October hurricane of 1987. We found some unexpected remnants of the havoc it created only recently. Last year Suffolk Wildlife Trust acquired an additional parcel of land to extend their Spouses Vale Nature Reserve, which will be managed to create natural heathland, returning it to what it had been a couple of hundred years ago. Standing within the area is an elongated copse about 100 yds. across and composed mostly of English oak and the introduced Turkey oak, growing closely together resulting in somewhat gangly trees. Obviously left untouched since the hurricane, getting through the sprawling mass of dozens of fallen trees and brambles proved to be a bit of a challenge, but there was an underlying pattern to it all. All the fallen trunks lay to exactly the same orientation, SW to NE, most of them long dead and shrouded with cascades of moss. Some of the trees however had retained enough of their roots to continue growing in their prostrate position. This has produced an unusual effect, the original branches, suddenly found themselves pointing skywards, some of which have developed into sizeable trees, by now well over 30 ft. tall. With as many as eight new trees coming from one fallen trunk, the effect is of short, dead straight lines of trees spaced at random throughout the wood, as pictured left. So the pattern within the woodland created by that great October storm could endure for a century or more.

Our migrant thrushes, fieldfares and redwings have been very late arriving this autumn. I usually reckon to have seen both species on the fields and in the hedges behind us before the end of October, but it was 8th November before I spotted my first local fieldfares and very few then and I am still waiting for a redwing (end Nov.) Speaking to others, it seems that it is the same everywhere. No one has come up with a good reason as to why they should be so late, but by the time you read this they will hopefully have turned up in their usual numbers. Red Kites have been quite regularly seen, Ed Nevard had this interesting sighting.

"One circled low over our heap of Horse muck a couple of times, before heading off in the Auberries direction". I reckon it must have liked the aroma!

We had an amusing 10 minutes watching a young field vole at the bottom of our garden; it was feeding on the cloverleaves in the grass. Less than a couple of inches long, it was only about half grown. With camera in hand, I stealthily crept up to it to get its portrait! I needn't have worried about spooking it; it soon became clear that it was quite oblivious to our being there and unbelievably, allowed Wendy to stroke it. You can judge it's size in the small picture by Wendy's finger. I thought at first that it must have been sick, but it ran around very nimbly when it was disturbed, but made no attempt to flee or hide.

Looking at one of our taller roses in September I was surprised to find that the uppermost leaves had been reduced to a skeletal spray of bare twigs. Looking more closely I found an array of half eaten leaves and on them the culprits, a seething mass of tiny caterpillars, all busily chomping away. These, I found out were the larvae of the rose sawfly, which was new to me. Gooseberry sawfly, yes, sometimes stripping our bushes almost bare of leaves, although strangely it never seemed to affect the fruit.

September the 12th was a sunny, but very windy day, which produced a good array of butterflies in the more sheltered spots. On our walk from Henny Ryes there were many small heaths, two pristine small coppers, gleaming like amber jewels as they spread out their delicate wings in the warm sunlight. Several red admirals, some feasting on the sweet nectar of over ripe blackberries, as was a comma which Wendy almost touched as she garnered a few of the glistening purple berries for ourselves. October the 5th was a similar day ----- but the wind was too bitter for any self-respecting butterfly to venture out. But surprisingly Little Dean Spinney had a little corner, which was a small oasis of summer warmth. There were five different species of butterfly abroad ---- small blue, small copper, red admiral, and a comma which was "mobbed" by a large white, *right*

LITTLE DEAN SPINNEY - HELP NEEDED

As most people will know, Little Dean Spinney is a conservation area owned by the Parish Council, on the site of the old Upper Houses allotment around 2000. The land was last used to grow commercial apple stocks by Ken Leech Trees, at that time a thriving Bulmer business. The aim was to create a small nature reserve for the enjoyment of all, with a perimeter path and a couple of seats. The plan was that any trees or other plants put on the site should be sourced from within Bulmer itself, keeping it truly local, good conservation practice. To this end Bulmer residents were invited to donate seedlings of any native trees etc. from their gardens or land. Something in the region of 200 young trees and shrubs were planted. Many of them have now reached 25ft or more. In 2005 slow worms and common lizards were introduced to the site, having been rescued from Sudbury building sites by wildlife man George Millins. I have been caring for the site since then, and for 10 years we held regular work parties, my thanks to all who have helped over the years. But unfortunately the old bones and muscles have rebelled and reluctantly I find that I will have to give up and pass the baton on to someone else.

The only regular maintenance needed is cutting the path with the Parish Council's wheeled strimmer and trimming back any branches or brambles hanging over the path. Apart from that the only other necessary task is to keep the area in front of the log piles, where the lizards and slow worms have made their home. This only needs to be done a couple of times a year.

Together with the Parish Council I am appealing for any person or persons who can spare three or four hours a month and who fancy doing their little bit for nature and the parish, to get in touch with myself (01787 375935) or one of the parish councillors

### **VOLUNTEER IN THE NEW YEAR**

Victim Support helps people affected by crime feel stronger, understood and able to move forward with their lives. Last year in Essex, our team of trained volunteers and staff supported over 3,000 people affected by crime across the county.

We are looking for reliable volunteers with great listening skills, who have 4 hours or more to spare a week, to join our team in Essex. We will train you to offer practical and emotional support to people affected by crime.

Whether you want to help people in your local community, give something back, or learn new skills, this could be the rewarding role you are looking for.

Successful applicants could be on our next four day fully accredited training course in Chelmsford this January (18<sup>th</sup>, 19<sup>th</sup>, 25<sup>th</sup> & 26<sup>th</sup>).

Interested? Find out more by emailing [essexvolunteering@victimsupport.org.uk](mailto:essexvolunteering@victimsupport.org.uk) or calling the Essex Service Delivery team on 01277 357557
