

March Meeting – Nicholas Corfe from GoBrazil Presenting Brazilian Wines

Another most pleasant evening was enjoyed, on the 16th March, 2023, in a relaxed atmosphere by members of the Buckingham Wine Circle. The presenter for this evening's wine tastings was Nicholas Corfe, of Go Brazil Wines.

A very informative, interesting evening with six wines to taste, three white wines and three red wines. A wine to suit everyone's palate. Together with very comprehensive information imparted by Nicholas.

I certainly was not aware that Italians migrated to Brazil in the 1880's to cultivate a wine industry, that is beginning to become more widely known for the quality of the wine. Sales increased domestically during the period of the pandemic.

The main wine regions are located in the South East of Brazil.
