

Portuguese Food & Wine
21st September, 2023
John & Sian

Oh! what a night, late September, 2023. 🎵

A wonderful evening experienced by all. So encouraging to see so many continuing members, returning members, and new members at this most enjoyable evening. Our hosts, John and Sian had put in a tremendous amount of work, into making this such an unforgettable night. John presented a selection of white and red wines, and two fortified wines produced in Portugal. The food Sian had prepared to serve with the individual wines, was exemplary. The applause at the end of the evening in appreciation for the hard work, and attention to detail, John and Sian had put into making the evening such a success, was so very well deserved.

We were presented with eight wines during the course of the evening, each served with accompanying food. Please see attachment for the wines and food served with each wine. All the food served was very much a taste of Portugal. None more so than the iconic custard tart served with the last dessert Madeira wine.

A huge thank you to John and Sian for a momentous evening.

Julie
