

New language support for Ukrainian refugees in Bucks communities

During Refugee Week 2022 (20-26 June), local charity Community Impact Bucks is promoting a new initiative which provides volunteer community interpreters to hosts and community groups in the county on a task-by-task basis.

Available through the Volunteer Matching Service, the volunteer interpreters are available to help in a community setting for example, interpretation at a coffee morning or interpreting on behalf of a host to help settle a family into the home. Both Ukrainian or Russian interpreters are available. For more details, visit [Community Support for Ukrainian Refugees](#).

The charity has also recently appointed Tania Orlova as its Ukrainian Community Liaison Officer to coordinate community support for Ukrainian refugees in Buckinghamshire. If you are a host, refugee, or part of a voluntary group providing help to refugees and would like to be kept up-to-date on latest news and opportunities, contact Tania Orlova on tania@communityimpactbucks.org.uk tel 01844 617308
