

Open CAF Surgery

Thursday 13th October 2016

Are you struggling to complete CAFs?

Do you worry you are not capturing the 'voice of the child'?

Are you unsure how to approach the tricky questions?

If any of these ring true for you then come along to our next open CAF surgery session for help with these and many other issues, whether general or specific.

The Integrated Working Team will all be on hand for one to one consultations or group discussions about any aspect of the common assessment process in B&NES.

We will also be joined by Marie Porter, Interface Social Worker, for some input on when a social care C2 referral may be more appropriate than a CAF and also to guide some discussions around the step down process.

If you would like to book a 20 minute session to discuss a specific issue then please call 01225 395021 or email alex_hobbs@bathnes.gov.uk beforehand or simply turn up at St Martin's Garden Children's Centre anytime between 13:00 and 16:30 on Thursday 13th October.

We'll be the ones in the Seminar Room with the biscuits!
