Children and Young People's Network

Representing the Voluntary and Community Sector (VCS) working with Children and Young People across Bath and North East Somerset

Membership is Free

Why is the Network Important?

Community and voluntary action has the potential to make B&NES a better place for Children & Young People. We want to make sure it does.

This means enabling every organisation to contribute their unique local knowledge and experience to decisions that are made about services and to influence strategy for the future of the area.

Local authorities have a statutory duty to engage with the VCS in planning, delivery and monitoring of Children's Services.

Together we can promote the values of the voluntary and Community Sector (VCS) and contribute to the development of services that best meet local priorities.

Somerset Council**

Voice and influence

As part of the Children Act 2004, B&NES developed arrangements for the Children's Trust, which brings together all providers of services for Children and Young People, including those in the Voluntary and Community Sector (VCS).

The Children & Young People's Network supports voluntary sector representatives on a number of strategic boards influencing local provision for children & young people, including:

- CYP Subgroup: Health & Wellbeing Board
- Local Safeguarding Children Board
- Children's Services Equalities Group
- Emotional Health & Wellbeing Board
- Disabled Children's Strategy Group
- Parenting Strategy Group
- Children's Workforce Reform Steering Group

Network members are encouraged to feed into these meetings via their sector representatives and are supported in their response to issues raised by the Network Co-ordinator
