

Friends of Deri Woods

Treasurers Report to the AGM – 2022

The Montgomeryshire Wildlife Trust acts as Treasurer for the Friends of Deri Wood group, which is an affiliated MWT Local Group. This involves acting as the “bank” for the group, handling any income and paying any bills from group funds.

This year, the only expenditure has been through the Deri Woods Meadow Project. This project has been jointly funded by the Tirgwynt Community Fund and Llanfair Caereinion Town Council.

As you will see from the project accounts, the total project funding came to £765.88 and the project costs came to £765.05, leaving an underspend of just 83p.

Bringing in any project on time and under budget is a challenge and everyone involved with the Meadow Project should be congratulated, especially Nik Burton.

Copies of all the paid invoices were submitted to the Tirgwynt Community Fund and full payment has now been received from both funders.

Eley Hart
Head of Resources (MWT)
