

SITE 6 LAND AT THE JUNCTION OF SINGLEBOROUGH LANE, HIGH STREET AND SCHOOL END

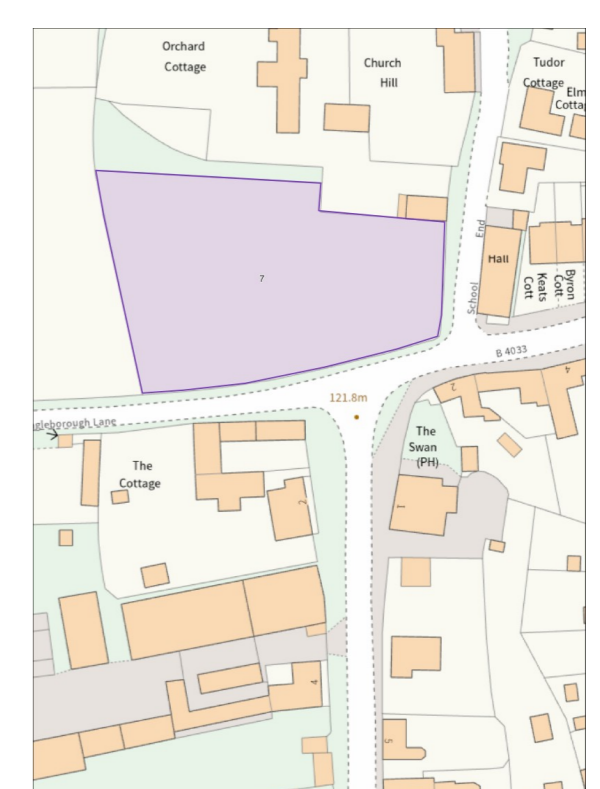

The Scheme

The proposal comprises a development of seven dwellings with a pair of semi-detached cottages fronting School End, a further 5 dwellings comprising four link-detached and one detached house all accessed from Singleborough Lane. A natural feature will be a wildflower patch at the corner of the site, set behind the retained boundary wall. The image of the scheme reflects the character of its setting delivering a rural cluster of buildings featuring barns, a farmhouse and cottages.

Summary

The development is promoted by the owners of the site who have a proven record of high quality development in the immediate area. The proposal, forms a rounding-off of the village settlement with a scheme that delivers a mixture of house types and sizes
