

GREAT HORWOOD PARISH NEIGHBOURHOOD PLAN EXAMINATION

EXAMINER'S REQUESTED POINTS OF CLARIFICATION

Julian Jackson, the Independent Examiner of the Great Horwood Parish Neighbourhood Plan, has requested from Great Horwood Parish Council/Aylesbury Vale District Council factual information on the following points.

This information is to be made available as soon as possible and displayed on the relevant pages of the Parish and District Council web sites so that all interested parties can view the material prior to the commencement of the Examination Hearing on 27th November 2014.

Points of Clarification

- The Great Horwood Fact Pack and State of the Parish Report documents list various green spaces including play areas and playing fields existing in the parish. To clarify where these places are located a map showing all the existing sites of publicly accessible open land is requested.
- Policies 2, 3 and 4 of the submitted Neighbourhood Plan each refer to proposed site allocations however the precise areas of these sites is not indicated. To clarify this, indicate the gross area of each site (as shown hatched on the Inset Map A) and in respect of Policies 3 and 4 the sizes of the net areas intended for village park/landscaped amenity respectively.
