| 5. | <p>Public Participation Period</p> <p>Mrs Sarah Biswell, Chair of Governors of Great Horwood School wished to inform the Council of the School's recent achievement. The Key Stage 2 school children in the Summer Term last year had all either reached or exceeded the expected standard in reading. They had received a letter from Rt Hon Nick Gibb MP (Minister of State for School Standards) informing them that the school is now in the top one per cent of primary schools in the country. Mrs Biswell said the school has also received a letter from Greg Smith, MP, congratulating them and requesting a visit to the School. The School will contact the press and hopefully gain some publicity. Mr Chilver reported that the entire length of Pilch Lane is due to be resurfaced in March. In response to the Clerk's email he said that any directional sign for the School could be installed by Transport for Bucks but would have to be privately funded by the School. Designated bus bays could also be considered if the Council wished to take this further. Sir Beville wished to mention that this would be the last meeting he would attend as District Councillor but would be standing again under the new Unitary Council and would hope to attend the Council's meetings again from May.</p> |
| 6. | <p>Horwode Pece Management Committee Report.</p> <ul style="list-style-type: none"> The Report from the Horwode Pece Management Committee is attached to and forms part of these minutes. All agreed. The Clerk will write to the Committee. (Action Clerk) |
| 7. | <p>Footpaths Report</p> <p>a). To receive the Footpath Report</p> <p>Mr Deuchar reported that as at 3rd February, the planned new metal footpath gate has not yet been installed on FP5 (Singleborough westwards to Pilch Lane opposite Oak Ridge Farm). He had however changed the setting to 31mph and 41mph respectively and reported that this did not make any difference to the statistics issued.</p> |
| 9. | <p>Planning Report</p> <ul style="list-style-type: none"> Application No. 18/03421/AOP AVDC Decision should read: Appeal withdrawn 23/12/2019 permission refused. The Clerk will amend before attaching the Planning Report to form part of the Minutes. |

There is thus no immediate need to modify the Neighbourhood Plan. However, the Committee recommended that, in view of the considerable uncertainty in policy direction at the present time, the Parish Council should revisit the question of the future of the Neighbourhood Plan at its February meeting. It was unanimously agreed to adopt the report, which can be viewed on the Parish Council website. A vote of thanks was given by Cllr Cousin to the members of the Committee and especially to Mr David Saunders who was Secretary to the Committee. | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |

| 14. | Parish Maintenance a). To report progress with fence repairs at Willow Road Allotment Cllrs Gilbey and Cousin went to inspect the work. Nash Road verge – Cllr Mayne reported that she had seen a complaint from a parishioner on FixMySreet that the bank behind the parking area in Nash Road was not being maintained. The Clerk will write to Ian Walker requesting he mows the bank and that it is treated like the other verges in and surrounding the village. Since there are a number of wild flowers on the bank in Springtime, it should not be mowed until these have died back. (Action Clerk) | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| 15. | Speed limit in Nash Road AVDC's letter stated that a number of criteria needed to be met in relation to a change in speed limit from 40mph to 30mph. **Horwode Pece Management Committee - Report to Parish Council
February 2020**

Over the Christmas break and through January, the weekly inspections of the Rec. continued. Thanks to our dedicated team of helpers/inspectors who go out in all weathers, once per week to inspect the Rec. It is pleasing to see the condition of the landscaping, following the grant from AVDC over last summer. Notably, there was little standing water between the two play areas, even after a period of torrential rain. Also, the grass has taken well on the gentle banks up to each play area. Still, when it is very wet, we find many boggy areas – by the zip wire, at the top of the field, near the shelter ... - but it is much better than the ground conditions reported in previous years at this time of the year.

Of concern, is the state of some items of equipment, particularly the toddler swings. In the December report it was noted that the foam protection on the toddler swings was badly split on both toddler swings. Over the winter two months, these swings have deteriorated further and now need to be replaced; the foam has broken free, exposing bare, rusty metal that appears to have lost more than half its thickness. The price to replace these two toddler swings will be obtained and reported to the Parish Council next month. Elsewhere, various caps and fixtures, covering bolt heads, on some of the equipment are missing and also need to be replaced. These less critical jobs will be undertaken at the Spring working party.

Other comments on the inspection reports relate to the state of the tunnel fascia – this I reported in December - new treated fascia wood has been purchased but it has been too wet over December and January to install them; to the depth of woodchip – which is now low, probably near the lower limit. Replacing the woodchip with rubber chippings is to be our major project this year.

On the 16th January we held a ‘Horwode Pece’ Management Meeting where the general condition of the Rec. and its equipment was discussed. Everyone agreed that the Rec. was much better following the landscaping and the installation of the three new oak benches. The Firework display was discussed; although this year it made a loss, it was decided to run it again next year. Items for the Spring working party were reviewed and it was agreed that the management committees major project this year would be to replace the woodchip in both the toddler and teenage play areas with rubber chippings. Latest pricings for this work are to be obtained.
