

# East Hanningfield Village Hall Solar Project

## Excess Power

Today the Village Hall is producing 65% more power than the hall needs

## Financial Gain

Village Hall is selling power back to the National Grid

## Reduced Bills

Over the year the Village Hall electricity bill, should be near zero

## Green Energy

The Solar Panels, will save 9 tonnes of CO<sub>2</sub>, the equivalent of planting 400 trees, each year

## Community Benefit

Will benefit the entire village, Hall and Shop's electricity bills reduced for the next 25 years

The installation was made possible by kind and generous help from the following organisations:

ACRE (Queen's Platinum Jubilee Fund);  
Tom Amos Charity,  
Chelmsford City Council  
("Greener Chelmsford" Grant);  
EH Parish Council;  
J Gard's Centenary Fund;  
EH Women's Institute.
