## **COMPETITIONS**

### **SPRING BULB COMPETITION**

**£10 PRIZE SPONSORED BY THE SOCIETY**

Bulbs will be available at the Autumn Show. They should be planted up in a container not exceeding 30cm (approx. 12in) diameter and be in flower for the Spring Show the following year.

*Hints on Cultivation:* Plant the bulbs as soon as you have them. Place the container outside in a shaded, frost free place; preferably plunged in the ground or in a cold frame. About 12 weeks before the show bring the container into a cold green house or cold room in the house but don't let the temperature rise above 13°C (55°F). The plants should be in full flower for the show.

**WINNER 2025: Trina Butcher**

### **POTATO COMPETITION**

**£10 PRIZE SPONSORED BY THE SOCIETY**

This competition is open to anyone, adult or child. All you need to do is to grow one potato tuber in the potato bag supplied. In late summer the produce will be officially 'dug up' and weighed. The person with the heaviest yield wins a £10 prize. But even better, you will have lovely fresh potatoes and we all know how good they taste. The tubers and containers may be obtained at the Spring Show or by contacting Trina Butcher (Tel 01245 380532). A charge of £1 will be made to cover the cost of the tuber and container.

**WINNER 2025: Ron Elliston – 3.091kg**

### **DAHLIA COMPETITION**

**£10 PRIZE SPONSORED BY THE SOCIETY**

Dahlias will be available at the Spring Plant Sale and should be in flower for the Autumn Show. *Hints on Cultivation:* As dahlia grows pot on into a container no larger than 25cm (approx. 10") in compost of your choice. Feed the plant regularly with a high potash feed.

**Winner Geranium competition 2025: Clive Emberson**

### HINTS TO EXHIBITORS

Read the Rules and Schedule carefully and be sure that the exact number of specimens is staged. All vegetable roots should be washed, not scrubbed. Onions should not be skinned; remove loose skin only. All fruit, tomatoes, cucumbers, peas and beans should have the stalk attached. Do not polish fruit. Do not overcrowd your exhibit. Cover potatoes, celery and cauliflower with thick paper until just before judging as this will prevent greening.

Blooms may be dressed by removing a few damaged petals but make sure they are removed cleanly and rearrange other petals to fill the gaps. Uniformity is most important. Do not put your exhibit out of balance by including an extra large specimen. It is helpful but not essential to include the cultivar name with an exhibit. For the enthusiast, a copy of the RHS 'Horticultural Show Handbook' may be perused on request from the Secretary or personal copies may be purchased from the RHS, Vincent Square, London.

Cookery exhibits should never be warm when placed for judging. Check bottles of preserves for tight sealing. All jars should be clear glass, up to 1lb (454g) size, be well filled, perfectly clean and showing no trade names. All exhibits to be covered with the Society's cake domes unless inappropriate, in this case cling film may be used.

**Pastry**

175g plain flour

100g cold butter (cut into pieces)

1 egg yolk

**Filling**

200g bacon lardons (smoked or unsmoked)

**Filling continued**

1 medium onion, finely chopped

75g Gruyere cheese, grated

4 large eggs, lightly beaten

150ml double cream

150ml milk

Freshly ground black pepper

**Method:****Pastry**

Put flour and butter into a food processor and blend until it is like fine breadcrumbs or hand rub with fingertips. Add egg yolk and 3-4 tablespoons of chilled water until the mixture binds. Cover with cling film and chill for 30 mins. Put a baking sheet in the oven and heat oven to 200°C/fan 180°C/gas 6. Roll out pastry on a lightly floured surface, use to line a 23cm x 2.5/4 cm deep loose bottomed flan dish, pressing the dough into the sides. Prick the bottom of the pastry with a fork, then line with greaseproof paper or foil, shiny side down, fill with baking beans or uncooked rice and bake for 15 mins. Remove foil and bake for 5/10 mins or until the pastry is pale golden. If you notice any small holes or cracks, patch up with pastry trimmings. You can make this a day ahead.

**Filling**

Dry fry bacon lardons for 3-4 mins. Add the onion, fry for a further 2-3 minutes until lardons just start to colour, but not crisp. Drain on paper towels then spread over the pastry base. Add the cheese.

Whisk together the eggs, cream, milk and black pepper and pour  $\frac{3}{4}$  into pastry case. Put in oven and half-pull out oven shelf, pour rest of the filling in. Cook for 25-30 minutes or until golden and just set.

- 

**MORE HINTS****Vegetables:**

- Should be properly prepared for showing. "As grown" means that vegetables should be carefully washed to remove soil
- Do not trim foliage or roots unless stated
- The judge will be looking for quality, condition, cleanliness, freshness and the absence of blemishes
- Stage your entries as attractively as possible on plates or directly on to the table in a 'spoke' formation (e.g. peas) or in rows (e.g. runner beans)
- Size is important, normally the larger the better without being too large
- Uniformity of size, shape and colour can be better than larger entries not of consistent size
- No vegetables or fruit will be tasted by the judge

**Fruit:**

- Should be ripe, look fresh and is to be staged with stalks attached
- Uniformity of exhibits is important when there is more than one but ideally should be above average size for the variety without being enormous
- Avoid any fruit with blemishes and they should be characteristic in shape and colour
- Try to avoid staging over ripe or under ripe fruits
- Aim for a neat attractive presentation, symmetrical if possible, arrange on a plate
- Remember where there is a number requested in the schedule you must show that number

**Plants in Pots:**

- Pot size is critical, too large and it will not be judged

- People often think bigger is better, it is not always the case - small and beautiful will compete well
- Don't worry about pollen beetles in the flowers but do worry about greenfly
- Remove old leaves or anything that spoils the look of the plant and don't forget to clean the pot if it is dirty

#### **Cut flowers:**

- Most flowers look better in a vase if cut the night before and left in deep water, rather than cutting them on the morning of the show
- For vases of one species try to show a uniform set of blooms. Good uniformity will often outperform size

#### **Floral Arrangement:**

- Balance and harmony as well as design and colour make the winning entry

#### **Cookery and Preserves:**

- Make sure you include the correct number of items where specified
- Presentation and appearance is important as in other classes, it is not just about the taste

#### **Photography:**

- Please bring only unmounted photographs, within the size limit detailed in the section
- The judge will want to see a clear crisp image which captures the class title in the most appealing way
