It was a great day – very busy as always – congratulations to you and the committee for making it a success again.

That location was really good for us.

Many thanks to you and the Committee for organising the excellent fete yesterday. I and all the other members of the Morris Register thoroughly enjoyed it and well appreciated Eric arranging, despite pressure from others, for the spaces to be made available for us. Hopefully there will be a fete next year and we can turn up in good time to display our cars in good order.

Once again many thanks for all your hard work.
