

Hi Ray,

Just a little note to say thank you for having us at the Hazlemere Fete to do the Jazzercise demo. We all thoroughly enjoyed it and the same goes for the crowd. We had so many people coming up to say how entertaining Jazzercise was and asked for flyers to come to class. I hope we converted a few to start exercising, it makes me feel good!

We were so lucky with the weather too which makes the event so much more fun for everyone plus the air display was fantastic, loved every minute of it!

I hope that we will be able to come along to do another Jazzercise display next year for you and please thank Colin for us, he was fantastic with helping us by providing the PA system.

Once again, thank you so much for all the fun! Well done to you and all your team!

Kindest regards,

Marthese

Hallo All

Well, what a day that was. Perfect Summer weather, the Hurricane plane did its fly past and the folk from around Hazlemere turned out in their thousands to see what it was all about.

Our 'Hook the Duck' sideshow was extremely popular with the younger children. We blew up and gave away over 100 balloons. Sweets were given, as prizes, to the winners. Leaflets were handed out to the waiting parents, and we took £93.62 in total, with £15.25 from our collecting tins.

Our main problem was that we didn't have enough volunteers to man the sideshow throughout the whole day, but we managed!

Also our pumps were not compatible with the device for blowing up our pool containing water for our ducks, but luckily a friendly stallholder next door to us had an electric pump and lent it to us for putting the air into the sides of our pool.

We weren't there to make money, but to show the WHC flag at the fete, and I believe that we achieved all of this, so thank you to everyone involved!

Mike Curry

Hi Ray,

Hope you are well. It was good to meet you on Monday and what a fantastic turn out at the fete.

Is it possible to please have the contact details you have for the person who won my voucher. I will give them a good couple of months to pick up the phone and contact me to book in, however I don't want it to go to waste and if they don't contact me, I can then give them a little nudge.

Regards,

Mark -----
