Title of article or notice:	Position of Trust - Safeguarding in Sport and Faith
Author	Tracey Welding, Kingston and Richmond Safeguarding Children Partnership
Short summary	The NWG is hosting this special event focussing on the Position of Trust during Inter Faith Week on the <b>16 November from 10:00 - 13:00 online.</b>
	Attendees will benefit from hearing about research and examples of cases involving abuse of position of trust and learn how others have overcome challenges and barriers.
	It is important to remember that Religion and Sport are, more often than not, positive experiences for communities and can provide a sense of belonging, hope and sometimes much-needed and valuable diversionary activities for societies. These should be celebrated and promoted as they can provide a positive influence on people's lives. Unfortunately, there are some individuals in society who will use these settings and opportunities to abuse and exploit children and adults.
