ADVICE ON HOW TO SECURE UPVC DOORS.

There have been dwelling house burglaries due
to Upvc doors not being locked properly.
Some offences have occurred overnight and the
method the suspect(s) are using is 'popping'
UPVC doors which have not been double locked.
It is essential that if you have a UPVC door that
you double lock it. Your UPVC door will be
vulnerable if it is just shut not double locked.
