REPORTING ISSUES / DEFECTS

Although the Parish Council have no powers to resolve residents issues such as, pot holes, street lighting, faulty footpaths, tree and hedge pruning etc. The Parish Council can and do report your issues to the appropriate council on your behalf but have no control of the repair or timescales. Essex County Council and Basildon Council are the local authorities with responsibility and the funds to resolve the issues. With most local authorities now moving to a digital technology customer service, the methods used are far more effective for online reporting and tracking issues. This puts residents in a better position to report and track their issues. Details can be found on the contact page 3 for Local Councils and Councillors. We will continue to report residents issues received

WORKING WITH VOLUNTEERS

Over the past few years the parish council has been working with volunteers, we take this opportunity to thank them for their enormous help, assisting with the Neighbourhood Plan, Jubilee Beacon event, litter picking, delivering newsletters and helping generally around the parish.

The Beacon Lighting ceremony brought so many residents together in celebration of the Queens Platinum Jubilee, special thanks to the fabulous school choir

A Remembrance figurine and hand made poppies adorned the front of the village hall. Thanks to Simon the Piper for leading the Remembrance Service and to volunteers who made the poppies to remember those that served

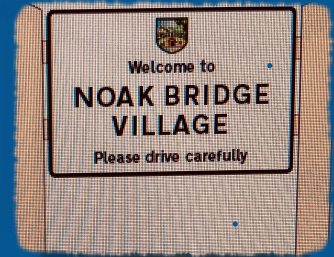

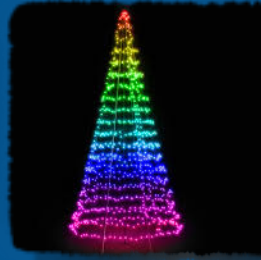

"WE SHALL REMEMBER THEM"

Thanks to the school children who painted the Little Libraries so artistically. We hope you will make good use of them to read, share and replace the books.

RECYCLING BINS

The community association are considering the future of the recycling bins located at the village hall. Rubbish dumping is happening on a regular basis, bags of glass are left by the bins which encourage more dumping and is a public hazard. The bins and the surrounding area look unkempt and dirty. Do you have any views on the recycling area?
