NEIGHBOURHOOD PLAN LOGO

The Parish Council have started the process of developing our Neighbourhood Plan (NP). This is a great opportunity for local people to shape the future of Noak Bridge. All future correspondence dealing with the NP will contain this LOGO. A number of consultation and engagement events are being organised so that we can involve the whole community in making the plan. A leaflet and questionnaires are being delivered along with our newsletter and we would really like to hear your views!

REPLACE GOAL POSTS
ON SOUTH WASH ROAD PLAYING FIELD**

The Parish Council have recently replaced the worn out goal posts situated on the South Wash Road Playing Field and had the smaller goal posts reinstalled.

Following a request from Noak Bridge Parish Council, Wickford and Crouch County Councillors Tony Ball and Malcolm Buckley made an application for a "20's plenty" speed reduction scheme to the Basildon Local Highways Panel. The proposed area covers Coppice Lane and the area around Noak Bridge Primary School. The aim of the scheme is to reduce the speed of vehicles in and around schools. If agreed by the Local Highways Panel, a full consultation will be carried out with local residents and the school, including the pupils, who will be asked to create a design for the signage that will be erected in Coppice Lane.
