

Mission Area Conference Bulletin – October 2025

Membership App

The Membership App is a very important application within the Mission Area. It allows for the recording of numbers of people taking part in congregation and ministry activities. This will help provide rich data about whether projects and initiatives we have undertaken are working and also help us to identify growth or decline so that we can make the most of our resources.

Access to the App

Any church officer can have access to the App in order to record activity. To obtain access please contact our Mission Area Administrator (contact details above) who will arrange access.

Vacant positions

We are currently looking for people to fill some important positions within our Church Committees. Role profiles are available on our website and support provided. If you would like more information please contact the Mission Area Administrator (contact details above).

Positions vacant are:

- Church Safeguarding Lead – St Matthew's Buckley
- Church Peoples Warden – Emmanuel Penyffordd
- MA Lay Chair – Rhos a Mynydd Mission Area

Safeguarding

Safeguarding is everyone's responsibility and all people with a position within the Church need to undertake safeguarding training. New dates are available for training. If you're unsure of whether you need to do the training, or what training to undertake please contact your church safeguarding lead.

New Policies

The MAC are currently reviewing draft policies for adoption by the MA in order to meet our obligations as a charity. Approved policies can be found on our website.

MA Website

A reminder that the MA has a website. It contains a wide range of information for both Church attendees and those in our communities who might not attend church yet.

It includes a secure section for members of the Mission Area Conference and those members who have not yet done so will need to register to access this area. This website has been developed to support improved communication within our Mission Area. Any feedback on current content or content that you think should be added should be sent to our Mission Area Administrator.

Please take a look at: <https://e-voice.org.uk/rhosamynydd>

New Mission Area Administrator

We are saddened to hear of the retirement of Jan our administrator, though thoroughly deserved! The MAC took the opportunity to thank Jan on behalf of the Mission area for all her hard work and dedication both to Borderlands and the setting up of Rhos a Mynydd MA. It is very much appreciated. Interviews for a new administrator will be taking place on October 24th and we hope to have someone in place soon for a seamless transition.

Dates for the diary

- Sunday 30th November – MA Service Emmanuel Bistre
- Watch out for our Christmas Services leaflet which will highlight all the services being offered within the MA over the Christmas period. Please take the opportunity to visit and support other churches.
- 28th December 11am Hope.
