

## **Animal Safety Report 2020**

This article highlights the need for walkers to be wary when entering a field containing cattle. The unfortunate person involved probably was walking with his dogs which we do not allow but nevertheless.... <https://www.bbc.co.uk/news/uk-england-york-north-yorkshire-54261829>

The Ramblers UK website also has useful advice on walking near livestock; see <https://www.ramblers.org.uk/advice/safety/walking-near-livestock.aspx>
