**F**ounded in 2009 the aim of The Stoke Poges Society has been from the outset to preserve our ancient village's history and heritage and to foster interest in our locality.

Our varied programme for 2026 includes talks, visits and members' social events.

The Society is keen to encourage members to research their own family, or road, or any other aspect of the village that interests them, and share their findings with other members of the Society.

We make available archive material to members and people around the world. In recent years much of our archive has been digitized so is easier to share.
