

In the two dozen responses to the consultation, the main concern was maintaining Tatsfield's position in the Green Belt and the retention of its natural environment. This point was made eight times.

The need for an improved bus service had seven mentions.

There were six references to not being resistant to new designs of properties or appreciations of the range of different styles in the village.

The need for affordable housing and for bungalows for 'downsizers' each attracted five mentions.

There were four references to the 'dark skies' issue.
