1. Apologies for absence

These were received from Cty Cllr Robinson

2. Minutes of 2010 Annual Parish Meeting

These were read and signed by the Chairman as a true and accurate record.

3. Chairman's Address

The Chairman thanked the parish councillors for the time and efforts in many recent projects and also District and County Councillors. Dist Cllr Scott will not be standing for re-election and his expertise as an architect has been invaluable. The Chairman announced too that she would not be standing as Chairman for another year.

The facilities and maintenance that the parish council provide include grass cutting, street lighting, bus shelters, dog bags and bins, litter bins, play equipment, hedge cutting and allotments. The PC hold an Entertainment Licence so live music can be played on the playing field – a Village Day committee was formed in 2010 and another successful village day was held on 14th August . An electricity supply has also been installed on the playing field.

The ECC Mineral Development Document was published in December 2010 and Thorrington was not one of the preferred sites which we hoped was the result of many residents getting involved and writing to object.

4. Public Questions
