BUSINESS PREMISES BURGLARY

BURES Middleton Hall Farm

Thursday December 12th

The door surrounding the property was smashed with a pick axe and when the door was unable to be prized from the wall, it was finally broken smashed with a brick. All of the Makita tools were stolen which were required for an office install in London. The offices were broken into, messed up and various items including items of value are missing, door frames and doors all destroyed. Storage bays have been broken into after locks destroyed / cut with bolt cutter and countless items taken including even scrap ready to go to the scrap yard. The suspects appear to have been all over the warehouse on both floors and then opened the roller door at the other end to make their escape, leaving various items and debris in their path.

The local Neighbourhood Watch Co-ordinator has shared this incident as not only is it devastating for the business and residents there is clearly some people who commit crimes working locally.

The tools that were taken were all engraved with "L B Contracts" and the postcode so it is hoped this might help to track down the suspects who committed the theft.

BRAINTREE POLICE TWITTER
