

AID for UKRAINE

The Churches in Chappel and Wakes Colne have an opportunity to arrange transport of physical aid items **directly into Ukraine**. This is through a successful farming business in Great Bentley which is using Ukrainian drivers and articulated wagons to deliver physical aid direct to Ukraine **families in Ukraine**. They are already dropping full loads of aid into Ukraine and other vehicles are being loaded daily, ready to depart.

If you are interested in contributing aid items, or helping with planning and organization, please speak to **PCC member Christine Maskell on 07748 968083** and she will be pleased to provide further information. **Please see current list below.**

Our ambition is to develop this project across all four Churches and villages in our Benefice if there is enough interest and help. So, if you feel you might be interested in helping, please call Christine.

If you would like to make money donations to help with **AID for UKRAINE**, this can be done via the websites for DEC (Disasters Emergency Committee) or UNHCR (United Nations Human Rights Council)
