B1029 Brook Street/High Street/Colchester Road/Grove Hill/Ardleigh Road/Dedham Road/The Street, A137 Harwich Road, Coggeshall Road, The Heath, Castle Hill, Crown Street and reverse.

The works being undertaken will take place within an 18 month period from 5 December 2016, exact dates will be specified on <http://roadworks.org/>. The roads will be closed to facilitate each phase and then re-opened to the public. Access will be maintained for pedestrians and emergency services. Diversion routes will be signed at each location and residents will be informed of the dates of each phase via letter / leaflet drop and advanced warning signs on the road.

Phase one

Pre-surface patching works. These works comprise filling any surface defects and raising / replacing worn iron works (manhole covers and gully's) as well as removal of cat's eyes if present.

Phase Two

Surface dressing. The process entails spraying the road with bitumen and covering it with granite chippings, after which the road is then rolled, which along with the action of the traffic, embeds the chippings into the surface. The road will be swept within 48 hours and after 7 days. The bitumen part of the surface dressing as well as securing the chippings to the existing surface will seal the old road surface, thus preventing the ingress of water which causes deterioration of the road surface and will improve skid resistance.

Phase Three

- a) Reinstatement of white lines if required. Reinstatement of any road markings.
- b) Reinstatement of any road studs.

For all enquiries please contact our Contact Centre on 0345 603 7631

The Order will come into effect on 5 December 2016 and may continue in force for 18 months or until the works have been completed, whichever is the earlier.

Dated: 24 November 2016
