

Hello fellow gardeners. Here is our latest information update!

### AGM

We held our AGM recently and welcomed garden writer Becky Searle, who gave a fascinating talk about “Understanding Your soil and No Dig Gardening”. We had a good turnout of ploholders and it was lovely to see Wembury residents who had accepted our open invitation. The talk gave us plenty to think about. Answering questions, Becky suggested that crop rotation may not always be

needed unless there’s an actual problem in the bed, different from advice we’ve heard before. She also told us that healthy garden soil is considered the most diverse biosystem on the planet! Our thanks to Becky for such an inspiring talk, and to all who supported the event.

### Plant and Bake Sale Success

What a fantastic day! It was wonderful to see so many people coming along to support us. At one point we counted 70 visitors, but with people coming and going throughout the event, the true number must have been well over 100. The “vibe” was excellent, helped by glorious weather and plenty of friendly conversation. One visitor said it had taken them half an hour to get from the car park to the sale because they kept stopping to chat along the way, which says everything about the spirit of the day. Thanks to the generosity of

everyone who donated, baked, grew, bought, helped and supported, the event raised nearly £700 for us. That is a brilliant result. One comment really summed up the day: this no longer feels like just an allotment event, but something that has become part of village life. That was great to hear. We are proud to be part of such a supportive community. A huge thank you to everyone involved and especially to Jan Jefferis for her customary immaculate organisation.
